- More than \$1 million over four years for an Arts in Education Model Development and Dissemination (AEMDD) grant from the US Department of Education to bring arts and literacy programs to schools in San Francisco, CA.
- Up to \$1 million for translation services at a New Jersey hospital.
- A Highly Rated score on an Investing in Innovations (i3) application to the US Department of Education for the development of assessments in arts education throughout New York City, a \$500,000 project.
- A \$350,000 contract for the demolition of buildings in New Orleans.
- \$342,000 over three years for workforce training for Out of School Youth in Staten Island, NY from the New York City Department of Youth and Community Development.
